Latest Excitement

Chasing the Will-o'-the-Wisp

Waiting for the elusive Will-o'-the-Wisp to perform its spooky stunts has been the night thriller for several hundred investigators. Walter Bacon and Ed Knight, while star gazing on Cottage Street, on Pride's Meadow, near Bird Brook bridge quite by accident, observed a ball of greenish colored fire rise above the peat bog and float along in a creepy fashion. To be exact, this was Ignis Fatuus, otherwise Will-o'-the-wisp or Jack-with-a-lantern. A phosphorent gas formed from decayed animal or vegetable matter in the soil.

The word was passed and the following night a score or more persons witnessed the phenomenon. Numbers increased the following night, as moist, warm weather without wind seemed favorable for the ghost to perform. For obvious reasons, the show never started on the same hour, but might be expected between 7:30 and midnight.

It is estimated 500 people were on hand Friday night. They hung on the bridge railing and lined up along the road ditch—just peering into darkness across the meadow on the northerly side. Forty autos were parked nearby. Not long after 9 o'clock, fire balls are said to have been seen rising from the ground to the height of twenty feet, and floated along probably 500 feet, then vanished. Many failed to see anything but a flashlight of human origin, and went home disappointed.

The ignis has been town talk and one missing the sight has been considered a back number.

Smaller crowds waited and watched Saturday and Sunday nights, but air conditions were not favorable for a grand display.

Norway Municipal Court

Wm. F. Jones, Judge

In court, Friday, Paul Eclunt of Auburn pleaded guilty to illegal transportation. A fine of $300 and costs and a sentence of three months were imposed. He was committed. Deputy Sheriff Chas. Huff was complainant.

Saturday, Nick Rontuist of Woodstock pleaded guilty to intoxication and disorderly conduct. Unable to pay a fine of $5 and costs, he was committed. Sheriff H. O. Stimson was complainant. On complaint of Deputy Sheriff Chas. Huff, the respondent was afterward charged with illegal transportation. He pleaded guilty and a fine of $300 was imposed, also two months in jail.

Kusti Allen and Yelma Anderson of Bethel pleaded guilty to intoxication. Each was fined $5 and costs of court. Unable to pay, they were committed. Sheriff Stimson was complainant in both cases.

George Levesque of Paris was brought before the court Monday, by school attendance officer, Harry Holden, on the charge of refusing to send his son to school. This was a question of transportation, and where the respondent lives a little distance from the route of the school team. Levesque pleaded not guilty. After a lengthy hearing with Supt. Ray Robinson of Paris, a prominent witness, Judge Jones adjudged the respondent guilty and imposed a fine of $25 and costs, which were paid and respondent discharged.

The play chosen for presentation as a benefit for the Norway-Paris Band is, "Laff That Off," and is under the personal direction of W. J. Flanders, who successfully produced "The Road to Happiness" for the same organization last season.

RELIEF PLAY

"Cappy Ricks" sponsored and staged by the local Firemen's Relief Association, October 16, has a fine advance sale of tickets and everything points to a gala evening of drama and dancing. The cast of young thespians, so well and favorably known to local audiences, is working hard to put over a finished performance.

The comedy roles are ably handled by Dwight Kilgore, who will be remembered by his interpretation of the detective in "Cat O' Nine Tails" in last year's firemen's show, and later as Mr. Nettleton in "A Pair of Sixes" and appears in the title role of Cappy Ricks and Clayton Murch, who returns to comedy after two seasons of juvenile parts, as Cecil Pericles Bernhard, which in the words of Cappy Ricks, is "an asinine name for a boy."

Stanley Murch, a staid, sober office manager by the name of Skinner, will be recognized as the old caretaker in Cat O' Nine Tails and again as the prospective pill purchaser in "A Pair of Sixes." Edwin Emerson, as Matt Peasley, played the title role in Cat O' Nine Tails and T. Boggs Johns in "A Pair of Sixes" interpreting both parts very successfully.

H. A. Anderson plays the part of Mr. Singleton and is coach and director. Next week's Advertiser will bring you the female members of the cast.

"Buddy" Huff was home from Fort McKinley the first of the week, with his parents, Mr. and Mrs. Charles Huff.

Mr. and Mrs. Will Stone and grandchildren, Mr. and Mrs. Myron Gilman are spending their vacation at their cottage at Yarmouth.

Miss Lucy Kimball of Albany, who is attending Norway high school, is making her home with Mr. and Mrs. Charles Huff and Mrs. Evis I. Cook.

Mrs. Maude Bolster has returned from Union, where she has been spending two weeks with relatives. Her sister, Mrs. Clara Weed, returned with her.

The Misses Susie and Hattie Drake of Arlington, Mass., are guests of Mrs. V. W. Hills. The Misses Drake are nieces of the late Sanford Walcott for many years a resident of Norway.

Business Changes Hands

R. H. Eastman Sells to W. F. Holman

Raymond H. Eastman has sold his stock and fixtures in the Masonic Block to W. F. Holman of Madison, and the business will be conducted under the name Norway Furniture Co. Mr. Eastman retires and for the next few weeks will enjoy a vacation and some hunting.

The business was established by H. L. Horne and after his death was taken over by R. H. Eastman and P. Y. Fogg. After a time Mr. Fogg retired and Mr. Eastman carried it on until the late transfer.

Mr. Holman is well qualified to conduct a furniture business, having experience in that line.

NORWAY VETERAN'S EIGHTY-NINTH BIRTHDAY

Gardiner B. Wiley, a Civil war veteran observed his 89th birthday, Tuesday, Sept. 30, but the real celebration came on the Sunday before, when a family gathering, planned by his daughters was held in his home at the falls. Mrs. Bertha S. Noyes, a guest, told of her trip to the National Encampment at Cincinnati and especially of her visit in Gettysburg.

Mr. Wiley received post cards and other gifts along with hearty congratulations. CLASS REUNION

The members of the class of N. H. S., 90, held their annual class reunion, Thursday evening at the Parker House, South Waterford, where a chicken dinner was enjoyed. President—Horace Cole.
Sec. and Treas.—Miss Carrie Tucker.
House Committee—Mrs. Lilla Locke and Miss Elizabeth O. Lasselle.

As this was the fortieth anniversary of graduation, reminiscing was in order, and the class history, written and delivered by Freeland Howe, was read, which recalled many class incidents and the names of teachers in the order of their service. Those who made up the group were Freeland Howe, Horace Cole, Rust Jackson, Miss Elizabeth O. Lasselle, Mr. and Mrs. A. L. Cook, Mr. and Mrs. L. H. Cushman, Mr. and Mrs. George P. The first game in the World Series kicked up excitement Wednesday afternoon. Reception was loud and public radio sets at Bradford's, Frank Hobbs' billiard room, Ashton's and at Clark's attracted a bunch of baseball fans. Home sets entertained family groups. The score board placed opposite the shoe shops, operated three years by Rev. John Singleton, is conspicuous by its absence, and missed by the factory workers.

Miss Gladys Greenleaf and Mrs. Myron Gilman of the Vanity Beauty Shop are on a vacation this week. The place is closed until next Monday.

The local American Legion Auxiliary has chosen "A Thief in the Night" by Larry E. Johnson, as their offering, which will be staged in November. Very popular with stock companies and commented on in the press as a comedy of unusual merit, the committee has a cast of Norway's best amateurs in the several difficult roles. Wedding

Cordwell-Reed

Elmer W. Cordwell and Mrs. Addie E. Reed were united in marriage, Saturday, Sept. 27th, at Conway, N. H. The officiating clergyman was Rev. Walter L. Smith, pastor of the Methodist Church, who used the double ring service.

The trip to Conway was taken when it was learned that friends of the couple were planning a send off and they made their escape and evaded all would be pursuers. When Mrs. Cordwell returned to her work in the Norway Shoe Company factory, Monday morning, the tables were turned and she was showered with confetti and presented with two fine gifts. Both Mr. and Mrs. Cordwell are well known and are receiving congratulations from a host of friends. They will reside at his home on Green street.

Obituary

Otis J. Morgan of Norway died Sunday at the Central Maine General Hospital, where he had been a patient since last June. His age was 62 years.

The deceased was born in Greenwood, April 26, 1868, the son of Otis E. and Elizabeth Chase Morgan. He came to Norway about forty-six years ago and worked in the shoe shops nearly to the time of his entering the hospital.

He leaves his widow and one daughter, also two brothers, who live in the West.

Mrs. Elmira J. Bicknell

Mrs. Elmira J. Bicknell, 90, one of Norway's oldest residents, passed away Sunday evening, Sept. 28, at the home of her daughter, Mrs. Charles Knight, Paris street. Until this summer her health had been unusually good, but for some months she had failed and was confined to her bed.

Mrs. Bicknell was born in Greenwood, Nov. 16, 1839, the daughter of Maj. Chas. and Jemima Young Doughty. She was married to Adelbert D. Bicknell of West Paris and for years they lived on a farm there. After the death of her husband, about thirty-seven years ago, she came to Norway and was known far and wide as a practical nurse, having been attending nurse in 143 obstetric cases.

She leaves two daughters, Mrs. C. A. Harriman of Winchenden, Mass., and Mrs. Charles Knight of Norway; two sons, Samuel C. Bicknell of Brockton, Mass., and George T. Bicknell of Cliftondale, Mass; one daughter, Sadie, wife of the late W. A. Bicknell, died seven years ago. There were five generations living in the family, with two great-great granddaughters.

The moving of the building has been let to a Lewiston and Bath firm. The moving is to commence at once.

FISHING SEASON CLOSED

Six months of almost persistent fishing came to an end last Tuesday, thirty minutes after sundown. Officially all public waters are closed to the going out of the ice next Spring. That is the law.

Our last stand was made at the mouth of the Jordan River in the town of Raymond, stopping at Crockett's Hotel.

Weather conditions poor and competition great, yet the catch of salmon was the largest we ever made there. Twenty-six fish were brought to the net. Nineteen of them were marked and returned to the water. Six male and one female were killed.

The largest weighed 3¾ pounds and the smallest ¾ pound and all but four were "hatchery-bred." Total weight of catch was 48¾ pounds, hence the average was a little under two pounds each. The largest known to have been taken was 4½ pounds.

For the last eleven days of open season the average number of boat fishing was nine, with a total known catch to us of 83 fish. We were on the grounds each day from 9 a. m. to 3 p. m. The morning and evening fishing is not included in the above. It is safe to say more than a hundred salmon were taken. The greater portion of these, however, were not killed.

Latest Excitement

Chasing the Will-o'-the-Wisp

Waiting for the elusive Will-o'-the-Wisp to perform its spooky stunts has been the night thriller for several hundred investigators. Walter Bacon and Ed Knight, while star gazing on Cottage Street, on Pride's Meadow, near Bird Brook bridge quite by accident, observed a ball of greenish colored fire rise above the peat bog and float along in a creepy fashion. To be exact, this was Ignis Fatuus, otherwise Will-o'-the-wisp or Jack-with-a-lantern. A phosphorent gas formed from decayed animal or vegetable matter in the soil.

The word was passed and the following night a score or more persons witnessed the phenomenon. Numbers increased the following night, as moist, warm weather without wind seemed favorable for the ghost to perform. For obvious reasons, the show never started on the same hour, but might be expected between 7:30 and midnight.

It is estimated 500 people were on hand Friday night. They hung on the bridge railing and lined up along the road ditch—just peering into darkness across the meadow on the northerly side. Forty autos were parked nearby. Not long after 9 o'clock, fire balls are said to have been seen rising from the ground to the height of twenty feet, and floated along probably 500 feet, then vanished. Many failed to see anything but a flashlight of human origin, and went home disappointed.

The ignis has been town talk and one missing the sight has been considered a back number.

Smaller crowds waited and watched Saturday and Sunday nights, but air conditions were not favorable for a grand display.

Norway Municipal Court

Wm. F. Jones, Judge

In court, Friday, Paul Eclunt of Auburn pleaded guilty to illegal transportation. A fine of $300 and costs and a sentence of three months were imposed. He was committed. Deputy Sheriff Chas. Huff was complainant.

Saturday, Nick Rontuist of Woodstock pleaded guilty to intoxication and disorderly conduct. Unable to pay a fine of $5 and costs, he was committed. Sheriff H. O. Stimson was complainant. On complaint of Deputy Sheriff Chas. Huff, the respondent was afterward charged with illegal transportation. He pleaded guilty and a fine of $300 was imposed, also two months in jail.

Kusti Allen and Yelma Anderson of Bethel pleaded guilty to intoxication. Each was fined $5 and costs of court. Unable to pay, they were committed. Sheriff Stimson was complainant in both cases.

George Levesque of Paris was brought before the court Monday, by school attendance officer, Harry Holden, on the charge of refusing to send his son to school. This was a question of transportation, and where the respondent lives a little distance from the route of the school team. Levesque pleaded not guilty. After a lengthy hearing with Supt. Ray Robinson of Paris, a prominent witness, Judge Jones adjudged the respondent guilty and imposed a fine of $25 and costs, which were paid and respondent discharged.

RELIEF PLAY

"Cappy Ricks" sponsored and staged by the local Firemen's Relief Association, October 16, has a fine advance sale of tickets and everything points to a gala evening of drama and dancing. The cast of young thespians, so well and favorably known to local audiences, is working hard to put over a finished performance.

The comedy roles are ably handled by Dwight Kilgore, who will be remembered by his interpretation of the detective in "Cat O' Nine Tails" in last year's firemen's show, and later as Mr. Nettleton in "A Pair of Sixes" and appears in the title role of Cappy Ricks and Clayton Murch, who returns to comedy after two seasons of juvenile parts, as Cecil Pericles Bernhard, which in the words of Cappy Ricks, is "an asinine name for a boy."

Stanley Murch, a staid, sober office manager by the name of Skinner, will be recognized as the old caretaker in Cat O' Nine Tails and again as the prospective pill purchaser in "A Pair of Sixes." Edwin Emerson, as Matt Peasley, played the title role in Cat O' Nine Tails and T. Boggs Johns in "A Pair of Sixes" interpreting both parts very successfully.

H. A. Anderson plays the part of Mr. Singleton and is coach and director. Next week's Advertiser will bring you the female members of the cast.

"Buddy" Huff was home from Fort McKinley the first of the week, with his parents, Mr. and Mrs. Charles Huff.

Mr. and Mrs. Will Stone and grandchildren, Mr. and Mrs. Myron Gilman are spending their vacation at their cottage at Yarmouth.

Miss Lucy Kimball of Albany, who is attending Norway high school, is making her home with Mr. and Mrs. Charles Huff and Mrs. Evis I. Cook.

Mrs. Bicknell was born in Greenwood, Nov. 16, 1839, the daughter of Maj. Chas. and Jemima Young Doughty. She was married to Adelbert D. Bicknell of West Paris and for years they lived on a farm there. After the death of her husband, about thirty-seven years ago, she came to Norway and was known far and wide as a practical nurse, having been attending nurse in 143 obstetric cases.

FISHING SEASON CLOSED

Six months of almost persistent fishing came to an end last Tuesday, thirty minutes after sundown. Officially all public waters are closed to the going out of the ice next Spring. That is the law.

Our last stand was made at the mouth of the Jordan River in the town of Raymond, stopping at Crockett's Hotel.

Weather conditions poor and competition great, yet the catch of salmon was the largest we ever made there. Twenty-six fish were brought to the net. Nineteen of them were marked and returned to the water. Six male and one female were killed.

The largest weighed 3¾ pounds and the smallest ¾ pound and all but four were "hatchery-bred." Total weight of catch was 48¾ pounds, hence the average was a little under two pounds each. The largest known to have been taken was 4½ pounds.

For the last eleven days of open season the average number of boat fishing was nine, with a total known catch to us of 83 fish. We were on the grounds each day from 9 a. m. to 3 p. m. The morning and evening fishing is not included in the above. It is safe to say more than a hundred salmon were taken. The greater portion of these, however, were not killed.

OUR YEAR'S WORK (ENTRE NOUS 4H CLUB, N. BUCKFIELD, ME.)

Mrs. Jennie Heald, Leader

We formed the club Jan. 11, 1930, with seven members, as soon as the club was well under way and the projects were selected, we decided to have club uniforms, so went to it to earn the money. On Jan. 23, we selected some dialogues from "Community Plays" by Mamie Thomson Johnson. They were "Minnie Mullen's Pig" and "Good, Better, Best". It was great sport learning and rehearsing them. We found Mountain Grange would give us the use of the hall, so we played them along the first of April—serving refreshments after the performance and cleared over $10.00. This bought the cloth for eight uniforms.

Three of our girls entered the Borden Contest and made dresses to send to New York—they did not receive any prizes, but got much experience.

On June 14 we had one new member join us. This made a fine working number. Then word came about our County Picnic. Of course we wished to go, so set to work on another play to earn the passage; this time we selected "A Southern Tonic". This was some harder than the first ones, but we had fine luck learning it, but the weather man was not on our side so we had a much smaller crowd. With our lunch and all we cleared about $8.00, so we are going to repeat this play soon. We each pay 5c per meeting, so in all our club has had nearly $25.00 to use this season—we have felt very independent. The projects taken are seven in Room Improvement; five Housekeeping and Cooking; one Sewing; 1 Calf Raising.

Champion Bread Team

Early in the year we chose Ruth Churchill our president, and Eleanor Heald our secretary, to serve on our Bread Demonstrating Team. They gave their public demonstration before the Farm Bureau Ladies, competed at South Paris and won the County Championship, going to Auburn against the other teams of the state and won second place.

A Week End at Camp

On July 11, our club with our local leader, Mrs. Jennie Heald, went to Camp Ricoster at Bear Pond. On Saturday, July 12, we invited the Merry Workers' Club of West Buckfield to meet with us. We had a picnic dinner and held our regular meeting in the afternoon and sang songs for an hour with uke accompaniment. Miss Plummer met with us on July 15th for a Tour of Rooms.

The girls exhibited at our county fair at South Paris and won many prizes. On Sept 13, we held Father's and Mother's Supper at the Grange Hall and there were but three fathers absent in the evening the girls held their regular meeting, demonstrating to their parents that they knew parlimentary law.

We have held 17 meetings. At many all were present and the interest has been wonderful.

Our local contest was held at Buckfield village on Sept. 17 and all the club members had their work finished for the event.

We all have enjoyed each meeting, every one better than last year. We only wish all girls and boys could appreciate their opportunity before they get too old to belong to a 4-H Club.

COUNTY CHAMPIONS LAST YEAR

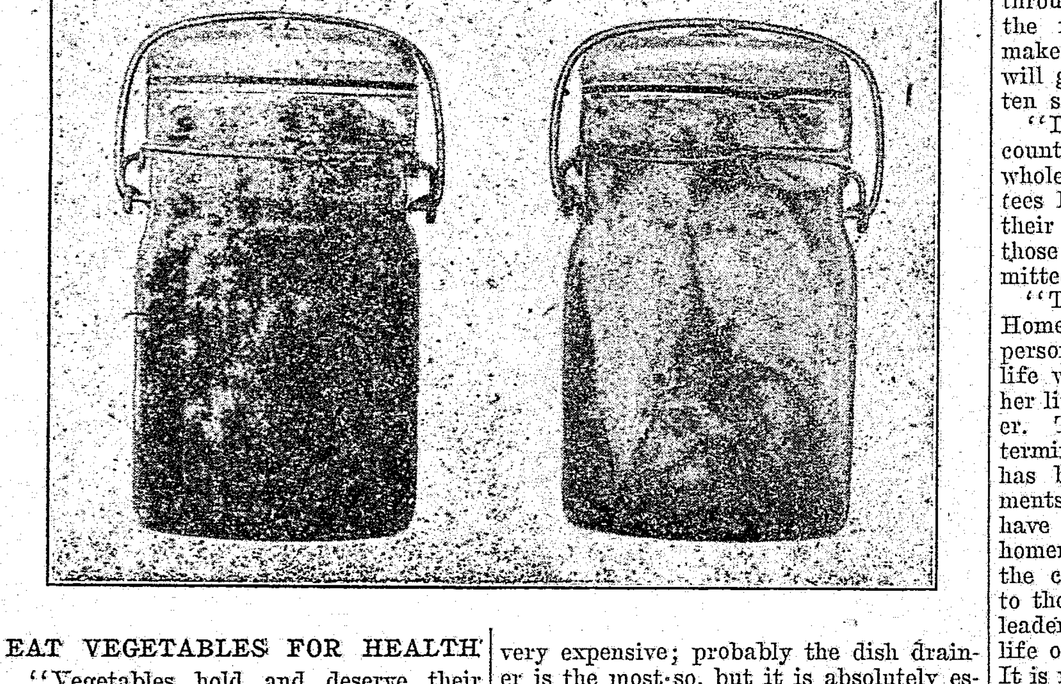
Each year at the county contest championships are awarded the boys and girls who received the highest rank in club work. These boys and girls must be in the senior class. They are eligible to attend the State Contest at Orono with the local leaders and assistant local leaders.

Last year the following were champions: Margaret Knightly, Norway; John Stevens, Canton; Leslie White, Rumford Point; Lewis Knightly, Norway; Newton Hammond, Rumford Point; Cecil Abbott, Rumford Point; Alpheus Jackson, Norway; Mary Hersey, Waterford; Alice Felt, Bryant Pond.

All of these boys and girls have been delegates to Springfield.

THE MEMBERSHIP CAMPAIGN

The membership campaign is starting with a bang in Oxford County. On Sept. 22, fifty-four persons had paid their dues for the coming year, forty-six being renewals, eight being new members. 875 has been set as a goal for Oxford. Membership cards are coming in very fast. It looks as though Oxford County is going to have a bigger and better year than ever. Farm Bureau organization in this county has had fine cooperation. The Granges, local banks and merchants, the State Department of Health, and the Maine Public Health Association have given the organization their help and support. This co-operation is much appreciated.



EAT VEGETABLES FOR HEALTH

"Vegetables hold and deserve their very popular reputation," says Therese Wood, Food Specialist, University of Maine. "No dinner or lunch," she continued, "is complete without at least one or two vegetables. No matter what we omit from our menus, we must not forget to include plenty of vegetables.

"Eat more vegetables in addition to potato every day! We hear this advice continually, but often find it difficult to follow, but if the health of the family is to be maintained at its highest level, vegetables must be provided for the forty non-producing weeks in each year. If the farmer does not raise his fresh vegetables he either does without them or pays an exorbitant price for them.

"In order to have "Vegetables for Health" throughout the year it is necessary to plan ahead. We must budget the canning and storing to meet the family's needs for the year and plan the vegetable garden accordingly.

"Contrary to popular belief anyone can plan a vegetable garden and everyone who is interested in seeing that this very important part of the family's welfare is taken care of can secure valuable help in planning their next year's vegetable garden. The Extension Service of the College of Agriculture, University of Maine, is going to hold meetings in several communities in the county next year.

"Perhaps you are interested in varieties and strains adapted to your locality or you may like information on pest control, lime and fertilizer, or on cultivation and weed control. All these items will be discussed. But even if you are not interested in any of the above surely you will want to hear about the kinds of vegetables to be canned and stored to meet the winter needs and see the demonstration showing attractive ways to prepare canned and stored vegetables.

"Most people need to eat more vegetables, for in vegetables lie one of our chief sources of minerals and vitamins. So much has already been written and said on the necessity of each in the body that it seems unnecessary to discuss them here. But briefly, minerals build strong teeth, bone, blood and have a large part to play with the beating of the heart and the circulation of the blood. Vitamins help to keep us in good health. Therefore, let us all eat more 'Vegetables for Health.' "

TIME SAVING DISH WASHING

Who wouldn't welcome a few extra minutes every day to do the things they like to do most instead of spending them doing something that is as monotonous as washing dishes three times a day. At least a good many women seem to think it is monotonous and unpleasant, too.

Some women, however, have discovered that it need not be either of these things. In fact, it may be rather pleasant, for they have determined the quickest and best methods to do the job and as a result they have more time to do those things they like to do more than washing dishes.

In the first place one must have adequate equipment for doing the job. Formerly expensive; probably the dish drainer is the most so, but it is absolutely essential to have one, a good one, for the dishes, with the exception of the glasses and silver, are dried by means of boiling hot water and not by dish towels. There, the secret of time saving dish washing is out at the very beginning of the story! But, there are some other secrets that contribute almost as much.

One is having the equipment conveniently arranged at the sink. If a person is right handed and she has her dishes stacked at the right hand side. The dish pan comes next and the dish drainer is on the left. Then the dish washer holds the dish in the left hand and washes with the right, places the dishes in the drainer with the left. If she does it the other way about, it will require three extra motions for every dish, and of course, each motion takes time. Who wants to waste time that way?

Then there is time saved by scraping the dishes at the table, stacking them on a tray or tea wagon and carying them to the kitchen in one trip instead of nineteen as one homemaker in Penobscot County said she actually did, before she tried the time saving method.

Now here is the story in a nut shell: Dish washing time can be cut right in half if the dishes are scraped at the table, stacked on a tray, carried to the kitchen, arranged in the right order to wash, washed in hot, soapy water, dried by boiling water and stored conveniently.

One needs to actually see the method demonstrated, however, to fully appreciate the efficiency of it.

At the extension meetings the entire process of dish washing from the time the dishes leave the table until they are stored away in the cupboard will be illustrated by film strips prepared from pictures taken in the kitchens of two Maine homemakers, and then the dinner dishes will be washed according to this time and energy saving method.

THE VALUE OF HERD IMPROVEMENT WORK

By Howard L. Goddard, Rumford

"The greatest asset of Herd Improvement work is our testing association. This enables the dairy man to know which cow is paying her way and giving a good profit and which one is the drone. If we have any cows in our herds that are merely paying their way, where does the profit come in? Not from their offspring surely, for a bull calf or a heifer, from such a cow, is hard to sell at any price. Buyers, now days, especially buyers of purebred stock, wish to see the record of both the dam and sire before they will be very enthusiastic about purchasing.

If we take the interest we should in the herd improvement work, especially in the testing of our cows and study our monthly record sheets, throughly, we shall be able to determine which of our cows are producing the most pounds and the best grade of milk and of course, these are the ones which we wish to sort out as breeders.

I am thoroughly convinced that one year in this herd improvement work isn't a fair start; we should have at least three years to get the proper results, because in order to tell whether our hiefers raised from the cows selected this year as breeders are really any improvement on the dams, we must have them tested for that length of time. Then, if we find they are better, why not keep on improving them by purchasing a better bull each time. In this way we shall soon have a herd of which we shall justly be proud.

Now, brother farmers, let's boost the Herd Improvement Work by keeping more and better stock and do all we can to help the other fellow replace his scrub bull with a pure bred."

Mr. Goddard and his father, F. H. Goddard, have a fine herd of purebred, high producing Holsteins and find the Dairy Herd Improvement Association of real value in their program to keep production on the increase.

OUTSTANDING FARMERS AND HOME MAKERS

"The Maine Farm Bureau Federation will continue to honor outstanding farmers and homemakers under a plan which was started two years ago," said A. L. Deering, secretary, in discussing plans for the coming year. The executive boards of each county Farm Bureau are appointing this month a county committee composed of five members. "This committee," he continued, "will pass upon the qualifications of all people nominated within the particular county served by the committee. It is important that people realize that anyone, anywhere, at any time, may nominate for consideration by this county committee any farmer or homemaker in Maine. The nomination should be sent County Farm Bureau. Blanks are provided to assist those in making the nominations and can be secured either from any county or home demonstration agent or the Farm Bureau office in each county."

"In addition to filling in the blanks, those who nominate a candidate give a written statement covering important, but unusual characteristcs. For instance: Through a letter last year we learned of one man that plowed, harrowed and planted the garden of a neighbor, who was too old to do the heavier work. We also learned of a man who had helped to finance two or three boys while attending college. We learned, too, of a woman, who always responded with food or money for any family in need in her community. All of which was given without publicity or public recognition. Information of this kind cannot be adequately covered through any kind of a blank and that is the reason the state committee which makes the final selection of candidates, will give increased attention to the written statement.

"It is well to point out, too, that the county committee is the safeguard for the whole plan. Each year county committees have and must continue to exercise their best judgement in the selection of those whom they refer to the state committee.

"The term 'Outstanding Farmer and Home-Maker' is used in reference to the person who has made farming his chief life work or has devoted much or all of her life to the duties of a rural homemaker. Two factors are considered in determining whether the person nominated has been outstanding in their achievements. The first factor is whether they have been successful farmers or rural homemakers, and the second factor is the contribution which they have made to the welfare of the community through leadership and to the agricultural home life of the town, county, state or nation. It is not enough that a man or woman be outstanding in regard to one of these faciboth.

Six Honored Last Year

"Last year three men and three women were selected from among those nominated as being decidedly outstanding. In the previous year three men and two women were selected. The University of Maine through its President, Harold S. Boardman, has presented each of these nominees with a certificate in recognition of their service to their county and state. This recognition was conferred upon these people in connection with Farm and Home Week at the College of Agriculture in March of both years.

"We have in Maine a great many farmers who are making a success of their business; men that contribute equally as much to the welfare of their community through leadership. There is also no question but what our rural homemakers are rendering real service not only in their homes, but to the home life of the community in which they live.

Success Recognized

"It is the purpose of this plan to publicly recognize yearly a few of these outstanding men and women, which will serve as an inspiration to the boys and girls of our committee when they realize that success in farming or home-making can receive the same recognition as in other lines of endeavor. It will add a deeper meaning and a new dignity to the business of agriculture.

"Names of those honored to date are: Julien Emery, Bar Harbor; William J. Ricker, Turner; Herbert P. Snow, Sebec Station; Mary A. Nickerson, Readfield; Daisy C. Smith, East Dover; Mary Nash, Camden; Charles Jones, Corinna; Harriett Hinckley, Goodwill; Leslie E. McIntire, East Waterford; H. J. Mosher, Farmington; Mrs. B. L. Taylor, Farmingdale."

CENTRAL OXFORD DAIRY HERD IMPROVEMENT OFFICERS MEET

Plans for the next year's work of the Central Oxford Dairy Herd Improvement Association were advanced rapidly Sept. 24, when the directors of the association met at the Farm Bureau office, discussed prospects for a full quota of members and hired a tester.

There are now several vacancies caused by men dropping from the association at the end of the first year. Much optimism and determination was shown by the directors who have a true interest in the welfare of dairying in Oxford County. Harold Elliott, Rumford, a four year graduate of the University of Maine, has been secured as tester and should be a real good man for the job.

Directors are:

Pres.—A. P. Stearns, Jr., Paris.
Sec.-Treas.—L. N. Lovejoy, South Paris.
F. H. Goddard, Rumford; L. E. McIntire, Waterford, and A. D. Cummings, Norway.

D. H. Ridley, County Agent, and R. F. Talbot, Extension Dairy Specialist, were present at this meeting.

Courage does not include ignorance of danger. A fool does not become a hero by rushing into danger.

Mr. and Mrs. Harriman and two grandchildren of Laconia, N. H., visited Miss Charlotte Hobbs, Sunday.

Misses Ola and Hazel Hodgdon spent the week end with Mrs. E. M. Harmon.

L. S. Briggs has shingled the back side of his house.

Daniel McAllister, although over 80 years of age, walks a distance of a mile or more and cuts cord wood every day. He is pretty smart for one of his age.

A number from this village attended the masquerade dance at Tower's pavilion, Sweden. Mrs. Ella Davis and Frank Watson took the first prize, dressed as darkies.

There was a large crowd from all the adjoining towns on the fair grounds at Fryeburg, Sunday, looked like a real fair.

World's Fair, North Waterford

The officers of the World's Fair are putting over the largest show that has ever been staged in the small hamlet. The midway is sure the largest if the fakirs keep coming, there will be more of these than patrons on Saturday. Hill's ferris wheel is with us, also Jim York with his ride. Every available man is digging clams for Graves to fry during the World's Fair. Two large Beanos, that popular game, are here; also Truman's athletic arena. A large minstrel show, animal show, monkey show and others too numerous to mention. Now we come to a wonderful hall exhibit staged at the I. O. O. F. Hall. Bear Mt. Grange is with us again, our first prize winner last year. Round Mt. Grange, our second prize winner last year, is working hard for a good show. Waterford Grange, our third prize winner last year is going to show their colors this year for a wonderful display. The general exhibit is very good and the hall is packed brim full.

The poultry show is going to be a big noise maker for the Grange Hall. There are more birds than we can house and several have had to be turned down.

Upstairs in the Grange Hall you will find Newell Andrews and his jazz family, who will make you shake a wicked foot afternoon and evening, both days of the fair. These dances are sponsored by the Grange and all proceeds will go for a good cause. Now lets take a little walk over to the pulling track as at 1:30 p. m., Friday you can witness the slickest show of steers, oxen and bulls pulling. All classes are going to be full and we will have to carry this program through until Saturday morning and Saturday at 1:30 the big event with all classes full. The horses will entertain you with a good sporty bunch of teamsters and its going to be exciting with keen competition. And for the baseball fans there will be a double header. Norway Rattlers vs. Paris Hill. Games scheduled at 10 a. m. in the morning and 2 p. m. in the afternoon. The world's series will be heard over the several radios that will be on the grounds.

And one last appeal the secretary, Bill Button makes to all patrons is this. All I ask is that each person will be kind enough to have their twenty-five cents all ready as they approach North Waterford and our collector will give you a tag.

NORWAY LAKE

The Mothers' Club served their annual harvest supper, Wednesday evening, to a good patronage. The supper was followed by a dance, music by Andrews' Orchestra of Waterford, many attending the dance who were not present for supper. Refreshments were served at intermission. There will be another dance, Wednesday evening, Oct. 8. Several members of the club will attend the Oxford County Literary Union at Rumford Center, Oct. 7.

Robley Morrison, who is attending Me. Central Institute, at Pittsfield, was at home for the week end.

East Otisfield Fair

Large Crowd Present—Hall Displays—Ball Game—Track Meet—Pulling.

The Otisfield annual fair was held at East Otisfield last Saturday, Sept. 27. Although it did not look in the morning very promising for a good day, toward noon it had cleared some and a big crowd was present. John Quinn and Ralph Edwards made music with their Beano game and near his stand was the charming Gypsy fortune teller, who revealed much that was in the future for the fair maidens who were anxious to know how soon their happiness would be complete. Mrs. Delia Stone and Mrs. Winnifred Vosmus had a booth, where they served hot dogs and cold drinks. Next to them was Guy Scribner, selling ice cream and popcorn, which were well patronized.

In the hall was a wonderful exhibit of farm products in collections and individual entries, being arranged very effectively: Judges here were Everett Staples of Welchville, Charles Robinson, Otisfield. Broadview Farm collection, first premium; Edwin Lamb, second; Harry M. Stone, third.

Under the exhibit of specimens the awards were as follows: Squash, Mrs. W. E. Vosmus, 1st, Edwin Lamb, 2nd; potatoes, M. C. Kemp, 1st, Horatio Peaco, 2nd, Kemp Bros., 3rd; cabbage: M. C. Kemp, 1st, Edwin Lamb, 2nd; pumpkin, W. W. Hamlin, 1st; pie pumpkin, B. C. Jillson 1st; musk melon, B. C. Jillson, 1st; sweet corn, B. C. Jillson, 1st; collection apples, W. W. Hamlin, 1st;; onions, M. C. Kemp, 1st; cucumbers, Harry Stone, 1st; carrots and cattle beets, Fred Fortier, 1st; ripe tomatoes, Ernest Peaco, 1st; pop corn, Ernest Peaco, 1st.

There was an attractive display of all kinds of excellent fancy work and many articles of other needlecraft and crocheting. The judges were Mrs. Frank Wilson of Oxford, Mrs. Cora Butler of Portland. The premiums at this department were collection: Mrs. Walter Frank, 1st; Eva Bean, 2nd; Alice Lamb, 3rd. Individual entries; pillow slips, Anna Kemp, 1st; pillow, Anna Kemp, 2nd; scarf, Anna Kemp, 2nd; scarf, Doris Culbert, 1st; handkerchief case, Doris Culbert, 2nd; table scarf, Eva Bean, 1st; crochet table set, Mrs. Walter Frank, 1st; pillow slip, Lucille Vining, 3rd; pillow slip, Mrs. Geo. Welch, 2nd; rug, Mabel Peaco, 1st; quilt, Anna Kemp, 1st.

There were four other quilts exhibited which deserve special mention, one was made of one inch squares, very fine work, finely done, one was made with every square a different pattern, which showed great skill and neatness of work done by a lady past 80 years old and two other quilts were log cabin patterns set in different style. The dining room was also very attractive and from 11 o'clock till 1 all enjoyed one of the dinners such as Otisfield ladies are renowned for setting up.

In the afternoon a game of ball was played by a picked up team. Horse back racing in the forenoon by Frank Bean winning 1st and Fred Newcomb, 2nd and in the afternoon Everett Bean's broncho, 1st, Fred Newcomb, 2nd, Howard Ames, 3rd. Horse pulling: 1st, A. B. Grover, weight of team 3290, load 4925, distance 271 feet; second, Fred Newcomb, team 2410, load 3615, distance 243 feet, 8 inches; 3rd, A. B. Grover, black team, 3520, load 5280, distance, 169 feet; 4th, A. B. Grover, red team 2480, load, 3720, distance, 112 feet; 5th, Everett Bean, team 2800, load, 4165, distance, 92 feet, 4 inches; 6th, H. E. Ames, team, 3200, load, 4767, distance, 55 feet, 8 inches.

Track meet: mile run won by McAllister, Mechanic Falls in 5 minutes, 8 seconds; 440 yard run won by McAllister, Mechanic Falls; 220 dash, Mitchell, Mechanic Falls in 29 seconds; 100 dash, Campbell, Mechanic Falls, 13 seconds; high jump, Edwards, Oxford, 4 feet, 7 inches; broad jump, Mitchell, Mechanic Falls, 16 feet, 7 1-2 inches. Points awarded to Mechanic Falls, 39; Oxford 15.

Canned goods: W. E. Vosmus, 1st; Marjorie Greenleaf, 2nd; Olga Bean, 1st; Dorothy Lamb, 2nd.

The hall was tastily decorated in red, white and blue crepe paper and evergreen. Committee, Frank Bean, Ralph Johnson, Henry Peaco, with help of ladies. Pratt's orchestra furnished music for dancing afternoon and evening. The fair proved a success, there being $290.00 taken in and after all bills are settled there will be a good sum for the treasury.

Annual Street Fair

Horse Pulling—Ball Games—Hall Display.

The annual street fair of the Community of Buckfield for the benefit of the Masonic bodies was carried on very successfully, Friday. There was a parade of automobiles; in the masonic hall was held the dinner and the sale of fancy and useful articles by the ladies, in the old church was held the exhibit of fruit and vegetables; the horse pulling was in the street; the ball game and the basket ball game were held at the high school grounds. The cooperation of a great number of the citizens was apparent in the success of the whole affair. Plenty of blankets were given out from the beano game. Just how people could be enticed to stake their money on the chance of winning a blanket on such a hot day it is hard to understand. Young men and women had all sorts of games of chance and they sold a lot of clothespins on things varying from a blue sweater to a shaggy pup. All seemed to make money and the folks seemed to be willing to spend it.

During the forenoon, the folks looked over the things on sale in the hall and the garden exhibits at the church. At about 11:15 standard time, they commenced to crowd the ticket office where Wash Heald was selling tickets for dinner and soon enough were sold for the first table and then the disappointed stood around in the hot sun with a hungry look on their faces and waited. After a time orders came from the dining room to sell more tickets. Soon the tables were filled. Unfortunately, most of those who had to wait for the second table were those who had eaten breakfast by daylight time.

By the time the last of the diners had eaten, they commenced to look for the parade of automobiles. It was a good one and well handled. Before, during and after the parade, Jerry Russell with his eccentric automobile, made a lot of fun. Just how the thing was steered with Jerry holding the steering wheel aloft, was hard for some folks to understand. Jerry's stunt bicycle riding backwards through the street was good, too.

Led by the Hebron Academy band, which, by the way, under the leadership of Director Blume did a fine job all the afternoon, the parade was started in front of the High School and went up town and back again. First in line was the American Legion Post, No. 58; the second car containing members of the Sons of Veterans. The cars in line then were the Red Cross, Leon Purkis driving; Buckfield Grange, Mrs. Lottie Jordan driver; high school basket ball girls, Mrs. Doris Gould driver; Buckfield branch of the Farm Bureau; the local 4-H Club, Mrs. Jennie Heald, leader; the Community Mother Club; the J. B. Ham Co., Mrs. S. M. Hammitt; Oxford Fruit Products Co., C. C. Withington & Sons, brush manufacturers; V. C. Keene's hot dogs were well advertised in the next car; the I. G. A. Store, represented by Allan Purkis, Irish Brothers, Jerry Russell with his well decorated car was next in line, then came Elwood Decoster in his ancient Reo of the vintage of 1906.

The ball game between Buckfield and West Paris attracted the crowd away from the pulling match, the attendance being good at the ball game. Only two teams lined up for pulling: Ernest Lovejoy with a team weighing about 2500, pulled the drag some distance down the street until his five minutes were up. He did not pull his horses to the limit of their strength. Then George Fogg hooked on after a delay in finding a chain to pull the drag back to the starting point, and with his team that weighed considerably heavier, started the drag. Though he had on two men who weighed much over 200 pounds, he went several feet beyond Lovejoy before his time was up. During the forenoon at the school grounds, Buckfield high schol girls played the girls of Leavitt Institute, Turner, the score ending 16 all.

Not to be overlooked by any means, was the Goose Corner band that furnished music in the forenoon. This aggregation, rigged out in many borrowed clothes, was led by James Bryant, Jr., the other members of his company were Walter Record, George Conant, Forrest Conant, Carroll Hutchinson, Cameron Casey, Luther Irish, Earl Holmes, James E. Warren. They paraded the streets and made much diversion and really found some music in their battered instruments.

OVER 15,000 DAILY DEMAND SARGON

Vast Growing Army of Sargon Users, Marching Single File, Would Encircle Globe in Only Few Years Time

(By Richard L. Simms)

Atlanta, Ga.: More like a tale from the Arabian Nights of old than a record of modern business achievement reads the story of the marvelous growth and development of Sargon, the New Scientific Compound which has become the sensation of the drug trade throughout the United States, Canada and other countries.

The old illustration of the pebble dropped into the pool best describes the phenomenal and unprecedented demand and its fame is rapidly spreading over the entire American Continent like a great tidal wave.

Recently compiled figures reveal that approximately 15,000 men and women are marching into the drug stores daily for Sargon and Sargon Soft Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told other millions what it has done for them.

Marching in regulation U. S. Army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—would, in a few years, encircle the globe.

The only explanation of Sargon's triumph in the Medical World is Sargon's true worth. Back of its triumph in the drug stores is its triumph in the homes and it is the grateful endorsements of its millions of users that has made it the most widely talked of medicine in the world today.

Sargon is extensively advertised, it is true, but no preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine.

There can be but one possible explanation for Sargon's amazing success and it can be told in one word—MERIT!

Sargon may be obtained in Norway from L. V. Ashton's Drug Store.

Miss Elva Dorr presented us with a wonderful boquet of roses, Friday morning. Not being familiar with the names and "roseological" terms, will refrain from using only one or two. In the boquet were several Wilhelm Khordes and Los Angeles, special for color, a waxy pink-yellow to orange shade. There were some very large blossoms in deep, velvety reds, pinks, light reds—in fact no two alike. There were some fourteen in the bouquet, which occupied the place of honor, on the editor's desk.

Miss Dorr has raised some beautiful roses this season and has been very generous with her flowers, and everyone who has received them appreciates her kindness, for in many instances, had they not received some of these, they would not have had an idea of how beautiful a rose can grow. With this gift of roses, it made 1100 which Miss Dorr has given away this season, besides hundreds she has used in her home. She says these probably will bloom way into October. Last year she gave away 700, which shows her flowers are on the increase.

Miss Dorr's instructions, which came with the flowers, were carried out. In the note, she said: "At night, Mr. Chandler must take them home to the Mrs. and she must put them in a large pan of cold water, lay stems out nearly straight, heads up around the pan. Do this every night and they will last a week. Flowers do not like vases at night." To insure safe arrival of the flowers into the hands of Mrs. Chandler, Mrs. Leola Morrison insisted on carrying Walter and the flowers home, Friday night.

F. Young, and I used to have it to drum on, but it was burned when his house was burned, but the drum sticks were saved. These and many other things too numerous to mention I can remember. You will please find enclosed money for another year."

Miss Eva Dorr presented us with a wonderful boquet of roses, Friday morning. Not being familiar with the names and "roseological" terms, will refrain from using only one or two. In the boquet were several Wilhelm Khordes and Los Angeles, special for color, a waxy pink-yellow to orange shade. There were some very large blossoms in deep, velvety reds, pinks, light reds—in fact no two alike. There were some fourteen in the bouquet, which occupied the place of honor, on the editor's desk.

Miss Dorr has raised some beautiful roses this season and has been very generous with her flowers, and everyone who has received them appreciates her kindness, for in many instances, had they not received some of these, they would not have had an idea of how beautiful a rose can grow. With this gift of roses, it made 1100 which Miss Dorr has given away this season, besides hundreds she has used in her home. She says these probably will bloom way into October. Last year she gave away 700, which shows her flowers are on the increase.

Miss Dorr's instructions, which came with the flowers, were carried out. In the note, she said: "At night, Mr. Chandler must take them home to the Mrs. and she must put them in a large pan of cold water, lay stems out nearly straight, heads up around the pan. Do this every night and they will last a week. Flowers do not like vases at night." To insure safe arrival of the flowers into the hands of Mrs. Chandler, Mrs. Leola Morrison insisted on carrying Walter and the flowers home, Friday night.

Fair Discussion

Comments Pro and Con Regarding Our Local Fairs

BOOST, NOT KNOCK

Realizing a group of well-thinking business men are striving hard to put on a fair which will be a credit to the community and Oxford County, prompts me to enlighten the people.

Five years ago a vote was taken by the trustees to make the first day of our fair Young Americans' Day, with free admission to the grounds and grandstand for all children of school age. This permits parents with large families to attend the fair with little expense.

During the past five years a building has been erected for the showing of automobiles and this has been paid for by those exhibiting cars. There also seemed to be a demand for box seats at the grandstand and these were built and are an asset to this division of the fair.

As I have attended nearly all the fairs in Maine, it seems to me I should be a judge of fairs as a whole. Permit me to say there is no better location, grounds, and buildings than we have.

The men in charge are far above the average in the management and have tried to give us a better fair each year.

The cattle and horse departments, hall exhibits, midway, and vaudeville were superior to those shown at any other fair in our state this year. I do not know where you can see so much for seventy-five cents.

Seventy-five cents admission was the same as last year and entirely in order if we run a real fair.

Let us all get behind our fair and boost, not knock.

Oxford—Mr. Editor: Saw in the Advertiser regarding the World's Fair. I for one think it would be very foolish and not only that, but that it would spoil the fair to move it to a fair grounds. You always have a good crowd and they seem to enjoy themselves on the green. And as they say, "Let well enough alone". If one of the officers won't serve unless you have a fair ground let him go and get someone else to take his place.

You might possibly cut down on labor and expenses, but would you have as large a crowd I think not, so what would you make by it? I would say let well enough alone and stay on the green and if the officers did not want to serve let him go and get someone else. He is not the only one. Hope you stay at home.

Harrison—Editor Advertiser: May I add my growl regarding the Oxford County Fair management? Several years ago four of us went to the fair with a tent, selling hot dogs, etc. We were met by the ground superintendent and given our choice of setting up in a poor place and paying a dollar a foot frontage before driving a stake or going home. We stayed and later saw many get good positions which were not ordered in advance. Also our tent was obliged to set so close to others we had no place to enter, but to use an entrance some distance below us which a man had paid for for his own use at $1.00 per foot. The tents being so near together, the rain (of which there was plenty that week) entered all the tents by their sides touching and making them leak all over. Needless to say, we did not try that fair again.

With the admission so high a family cannot afford the ticket and the dinner and grandstand, also another way to get your money, which seems to be unnecessary and rather small. The toilet rooms at nearly all of the fairs now expect a nickel or a dime tip. It seems as if the management could afford this service free, and if the tent owners pay high rent, why pay for extra necessities like toilet rooms?

I am glad to see the last few years some of the cheap "girlie" shows are gone. The year we were there it was a disgrace, especially evenings.

Hope the committees wake up to the fact that courteous treatment and not trying to bleed people's pocketbooks will go a long way toward a crowd and good fair. Let's hear from other so-called "fakirs." —A Well Wisher.

West Paris, Me.—Am getting much interested in the letters in regard to the fairs and the welfare of farmers. It is about time we heard from outsiders. How long would the city people exist were it not for farmers to feed, clothe and furnish all that they need, but as some citizen says "Farmers are fast being crowded out." Farms that were once prosperous and well kept are closed and windows all smashed out, grass grows around the doors and driveways where once a happy home was and the ring of happy childish voices rung out at play. Just driven out from the unfair way everything is conducted. If a farmer does raise anything, he is not expected to ask anything for it. He carries his hard raised crops, someone else weighs it, pays whatever he wishes to, or nothing, finds fault with it, and sets his own price. Then, if he happens to take a day off for a fair or something, the fee to enter and somewhere to sit takes all he can rake together. In all, a farmer is downtrodden and not getting a half chance at anything. Yet they are strong, clean, upright men, and more such men are needed all over the land, and abandoned farms would once again ring out with joy and prosperity if the farmers could have an even show. Why would your son want to stay on a farm now? He sees too much unfairness.

Harrison—In regard to the World's Fair. After reading the comments under "What Is Your Opinion Regarding World's Fair?" I am glad for the opportunity to say that, my first visit to the World's Fair was in my 12th year (am now 71 years old) and have visited the fair nearly every year since, enjoying them each year, very much. Will say I see no reason why we snouiu not go on enjoying this "family reunion" on the same old grounds. To the one who wants to change and thinks he will resign, please think it over again from all points, and lend your valuable aid a little longer as I think the majority of the people want you to on the Old Grounds. I think the 25c price is all right and that most people think so too.—O. H. Haskell.

North Waterford—Dear Editor: I read in your paper the article as to opinions regarding World's Fair and wish to state a few facts as I know them. The fair has grown so much that the small piece of common that is public ground will not hold one-half of the midway, so two pieces of land are rented so as to extend it back farther, one owner says that he will not rent the use of his land another year at any price; the other hasn't said positively. No one likes to have their front yard dug full of holes, salt turned down, shrubbery trampled and debris and pollution of all sorts left and this applies to all who live on the edge of the midway.

As to helping the unemployed, it is a hard job to stop cars and collect all day and take some of the cussings that come. Only a few are fit for the job and some of the men that have collected years before flatly refused this year. People don't like to be stopped on a grade and have to set brakes and wait for collections on three or four cars ahead, also no one seems to want to park down in the field out of sight, lots of kicks come from that source.

As to moving the fair away from the village, I don't think anyone would think that advisable; everyone wishes to keep the same old family reunion and friendship spirit as ever with only price enough to pay expenses.

As to grounds, there is a pasture field near the church that I think could be rented that would take care of the whole works, extra parking space, pulling track, midway, etc., using the tag system as now people could go out and in as free as they liked, church as handy to dinner as now and other places the same and our village green kept looking respectable and the homes surrounding it not crowded over by a mass of people.

As to the halls used, it would be possible to continue using them, but they are too small and inconvenient, cannot drive a nail or tacks to hang displays or the like and one granger said that it was a pretty how do you do, when having to use their hall for a hen house, but whatever we do, let us cooperate.

BATES—WEST PARIS

Burbank-Booth Wedding—D. of U. V. Notes—Library Received Gift—Purkis-Chesley Marriage.

Mrs. Florence and Vernal W. Bates have recently presented the Arthur L. Mann Memorial Library with sixteen volumes of the National Geographic Magazine in memory of Ella M. and Lewis C. Bates. The gift is much appreciated as another evidence of their generosity to the library.

Rev. Smith of Montreal, who is visiting here, preached a very able sermon at the United Parish Church last Sunday and the chorus choir rendered a very pretty anthem arrangement of the old hymn, "Abide With Me" with stains of the old music as well as words.

Another wedding occurred September 20, at the home of Rev. Eleanor B. Forbes who solemnized the wedding vows of Arthur L. Purkis and Miss Maud A. Chesley both of Hartford, using the double ring service. The guests present were Mr. and Mrs. Fred Chase and Mr. and Mrs. Roland Chesley of Berlin, N. H., and Mrs. Julia F. Leach of Brockton. Refreshments were served after the ceremony. The young couple will reside in Halifax.

A special program was arranged for the regular meeting of the Grange, last Saturday afternoon. Remarks were made by Rev. A. E. Roberts, John McKeen and R. L. Cummings. Mrs. Mary Swift recited a funny story on one of the members present. Mrs. Martha Kendall gave an illustrated reading "Wives of Past Presidents" and exhibited four old fashioned dressed women which was quite funny, followed by a duet sung by Mrs. Kendall and Mrs. White. Two or three piano solos were played by Frances Richardson. Refreshments of fruit salad and cake were served. A speaker from out of town was expected, but he didn't come.

Mrs. D. H. Fifield was happily surprised last Wednesday when she received a call from two cousins, whom she hadn't seen for thirty years. They were the daughters of the late Charles Perry, a one time resident of North Paris. Both ladies have married. Emma lives at Auburn and Belle at Lexington, Mass.

Mr. and Mrs. C. F. Barden were in Portland, Wednesday, guests of their daughter, Mrs. Earl LaBay. They also visited her sister, Mrs. Jennie Currier, of Bethel, who is in the hospital.

Thirty people from Gray and New Gloucester visited the Universalist Church Sunday, Sept. 21st. They were former parishioners of Rev. E. B. Forbes and it was an unexpected joy to receive this visit from them.

E. B. Holden of Gorham, Me., called on D. H. Fifield, recently.

Mr. and Mrs. Harry E. Batchelder and Allen Brown of Phillips were guests of Mr. Batchelder's aunt, Mrs. Cynthia Curtis, and cousin, Mrs. H. R. Tuell, last Wednesday.

Mr. and Mrs. Henry Brock, who went to Skowhegan to spend the winter, changed their minds and came back home to spend the winter.

The regular meeting of Hannah Carter Tent, Daughters of Union Veterans, will be held at I. O. O. F. Hall, Monday evening, Oct. 6, at 7:30 o'clock. The President urges all members to be present for a rehearsal for inspection. Several members attended the reception to Department President, Bertha Noyes, at Norway Grange Hall, Sept. 23, and report an enjoyable evening.

Mr. and Mrs. A. T. Hollis spent the week end with their nephew, James Cobb, and family, at East Sumner. Saturday evening, they attended Union Grange, of which they are members.

A wedding of much interest, especially to the children of the school, when one of their teachers was married in the Universalist Church and all had a chance to help decorate with flowers and ferns and attend. Miss Frances R. Booth and Benjamin B. Burbank were married by Rev. Eleanor B. Forbes, using the double ring service. The wedding march was played by Mrs. Laura McKeen. Miss Velma M. Walker of East Corinth was maid of honor and wore a period gown of old rose chiffon with hat in harmony, and carried an arm bouquet of pink roses. Her attendants, Mrs. Lawrence Hennessey of Brunswick, sister of the bride, and Miss Gwendolyn Davis of Auburn, were dressed in pale green and blue figured chiffon and carried arm bouquets of pink carnations and snapdragons. The bride wore a gown of white satin with a veil of tulle caught with orange blossoms. She carried a bouquet of Easter lilies tied with chiffon.

Frederick Morris of Worcester, Mass., acted as best man and Everett Booth of Brunswick, brother of the bride, and Davis Curtis from the West Paris High School were the ushers.

The bride's gift to her maid of honor was a rose colored pendant and her gifts to the bridesmaids were necklaces to match their gowns. The gift to the bridegroom was a set of ebony military brushes encased in seal skin leather. The bridegroom presented his best man with an ostrich leather billfold. The ushers received ties and sterling silver belt buckles. The bridegroom's gift to the bride was a string of pearls with a crystal clasp.

Directly after the ceremony, a reception was held at the home of Miss Ruth Tucker. Those in charge were Mrs. Ronald B. Ross and Miss Clara E. Berry of West Paris, Miss Mary Briggs of Mechanic Falls and Miss Gertrude Perham of Bryant Pond, all fellow teachers here. After the reception, Mr. and Mrs. Burbank left for a trip through Northern Maine, the bride's traveling suit was green tweed with hat and accessories in brown. Upon their return, they will reside in Boston. Out of town guests, aside from those mentioned above, were Mr. and Mrs. John Booth and family, Lawrence Hennessey, Mr. and Mrs. Ralph Chesley and Alfred Walker of Brunswick, Mrs. William Walker of East Corinth, Miss Mildred Thyng of Belgrade, Miss Margaret Leavitt of Richmond, Mr. and Mrs. Chauncey E. Booth of Auburn.

The bride is the daughter of Mr. and Mrs. John C. Booth of Brunswick and was graduated from Farmington State Normal School and for the past two years has been one of the most popular teachers of West Paris. The bridegroom is the son of Mrs. Jennie Burbank also of Brunswick, and was graduated from Brunswick high school and attended Bowdoin College. He is now connected with the Technicolor Motion Picture Corp. of Boston.

Many gifts of cut glass, silver, linen, and various articles were received, among them sterling silver candlesticks from the Universalist friends.

Johnson Reunion

One of the happiest occasions which it has been the good fortune of the writer to attend for many a day, occurred Sunday, Sept. 28th, when several of the Johnson descendants gathered at the pleasant home of Mr. and Mrs. Hollis B. Doughty for their annual reunion. It was an ideal autumn day, made especially, according to our best judgement, for the occasion. Relatives gathered from Bethel, Albany, Waterford, Norway and Paris. The forenoon was spent in social chat, renewing old acquaintances and talking over the good times of former years. Then came the call to dinner, and such a dinner! Steaming hot beans and brown bread, delicious coffee and all the other good things too numerous to mention. Two long tables, groaning under the weight of good things were filled and each one, we believe proved to the entire satifsaction of their hostess they had brought their appetites along with them.

Soon after the dinner hour all gathered on the lawn for a group picture. Directly after the usual request, "Look pleasant, please" came, the shot was fired and all are anxiously awaiting the result. Back in the house again the company was delightfully entertained with music, both vocal and instrumental, while feet grew strangely uneasy and were heard beating time as the strains of some grand old march rang out. Amid the fun and jollity the writer's wandered back to scenes of other days, when there was a large circle of relatives to attend these reunions. One by one they have passed to the great beyond till only a handful of the older generation remains and the thought came that as the circle grows smaller it should draw the remaining few closer and closer together each year. The afternoon closed by singing "God Be With You Till We Meet Again".

Those present were L. E. McIntire, Mrs. Lillian Pride, Fred Johnson, Mrs. Hattie Danforth, Mr. and Mrs. B. G. McIntire, Mr. and Mrs. Merrit Sawin, Mr. and Mrs. Harry Sawin, S. G. Bean, Miss Estella Bean, Suel Pingree, Arthur Dean, Mr. and Mrs. L. L. Lord, Mr. and Mrs. A. D. Bean, Mr. and Mrs. E. T. Judkins and the host and hostess, Mr and Mrs. Hollis Doughty and son, Alden.

All felt that a vote of thanks was due Mr. and Mrs. Doughty and son, Alden, for the royal entertainment they had given us.

KILLS RATS NOTHING ELSE
K-R-O (Kills Rats Only) killed 238 rats in 12 hours on a Kansas farm. It is the original product made by a special process of squill, an ingredient recommended by U. S. Government as sure death to rats and mice, but harmless to dogs, cats, poultry or even baby chicks. You can depend on this. K-R-O in a few years has become America's leading rat and mouse killer. To the Honorable, The Court of County Commissioners for the County of Oxford, next to be holden at Paris in said County of Oxford, on the third Tuesday of September, A. D. 1930.

Respectfully represents the undersigned, in part inhabitants of the Town of Stow and in part owners of cultivated land therein, that on the 8th day of July A. D. 1930, they with other inhabitants and owners of cultivated land therein, petitioned to the Municipal Officers of Stow to lay for them and for said Town of Stow a town way commencing at the termination of the road leading from the Simon Smith place to the Barbour place and from said point thereon onward by the old location of the former Solomon Johnson road to the former homestead of Solomon Johnson, and thence onward to the land of Albert J. KEZAR FALLS

The New England District Kiwanis International Convention of about fifteen hundred people assembled at Hotel Bancroft, Worcester, Mass., September 21st, and met with a most cordial reception, [illegible] members and guests with an "at home" feeling most pleasant to conceive. The music, too, added its charm, furnished by the Kiwanis Glee Club of Worcester and Marjorie Warren Leadbetter of the Boston Apollo Club. Monday was a busy day, after breakfast, one thing followed another. There was no time lost. Between greetings, responses, underprivileged children, vocational training, laws and regulations, it was all work and very little play. More thought for others than for themselves. The addresses were very good. One especially so was given by Capt. C. E. Jedkins of Brantford, Ontario. He was an international vice president and he asked "What is this Kiwanis?" and answered his own question. But it was time for the banquet, which was made memorable to the ladies by the presentation to each one of them of a lovely cameo locket and chain.

The ladies were treated royally. One day they were taken to Sudbury, where lunch was given them at Mr. Ford's Wayside Inn (the Inn immortalized by Longfellow) full of interesting objects, antiques, etc., it would take a book to describe them. Mr. Ford is a born Kiwanian; he has a school for boys, where they get a start in life, help pay their own expenses by working some on the farm, and every pay day are taught to put some money in the bank. In the meantime every minute had been improved. At 7.30 a. m., the gentlemen ate breakfast, the ladies are there too; at 9.10 a. m., they are called to order by John B. [illegible] and they sing in orcultant strain, "America" and "God Save the King." The invocation is given by Father Daniel M. Tully. Tuesday, the ladies were given a ride to Winchenden Tavern and attended a new kind of country fair. There were thrills and laughter and surprises galore and some of the ladies are wondering yet about "Little Eva."

OTISFIELD—SPURR'S CORNER

Mrs. Pierce Dead—Poultry Stolen—Health Clinic Well Attended.

Mrs. Blanche Pierce, wife of Fred Pierce, caretaker at Camp Songo, passed away Thursday afternoon, after a long, painful illness of several years. Mrs. Pierce leaves many friends as well as relatives to mourn their loss. She leaves a husband, two daughters, Mrs. Ruth, wife of Kenneth Proctor, and Edna, who lives at home, also a son, Wyman, and three grandchildren. Her mother and two sisters of Brookline, Me., a sister of Winter Harbor, and a brother, of Holyoke, Mass.,

Services were held at the home Sunday at 2 p. m., conducted by Rev. Irving Kemp of Casco. A ladies' quartet, Mrs. Mitchell, Mrs. Barrows, Mrs. Gay and Mrs. Buzzell, sang a selection and Mrs. Mitchell and Mrs. Buzzell a duet. There were many beautiful flowers. A delegation from Bolster's Mills Order of Eastern Star, of which Mrs. Pierce was a member, were present. Burial was at Casco, in Lakeside Cemetery.

Mr. and Mrs. Herman Grover and two children of West Paris were recent visitors at R. C. Edwards'.

Thieves entered the hen house of George Hoyt one night last week and stole nearly all his poultry.

Charles Smith of Casco called on relatives and friends here one day last week.

R. C. Edwards and Mr. and Mrs. Valmore Edwards, who are living near Standish, were at home, Sunday.

There has been no frost to do damage here as yet, at this date, Sept. 28th. This is very unusual. The heavy rain of Saturday morning relieved the dryness and made riding more comfortable as to dust.

Mrs. Henry Larsen and two children spent the day, Wednesday, with her brother, James Buzzell, and family, at Woodfords. Mr. and Mrs. Buzzell like their new home very much.

The Child Health Clinic held at Grange Hall Tuesday afternoon was well attended. The State Nurse was assisted by Mrs. Jennie Bizzell, Miss Margaret McAuliffe and Mrs. Mildred Larsen.

Miss Thelma Lombard is attending business college at Portland.

Nearly every family here was well represented at East Otisfield fair, Saturday.

Harry Stone has been working for F. J. McAuliffe.

P. W. Curtis is working at Skillings Mill at Bolster's Mills. His arm is much better.

Never worry about what people say, provided you know that you are what you ought to be.

ALBANY—HUNT'S CORNER

Surprise Party

A very delightful affair of Tuesday evening, Sept. 30, was a surprise birthday party tendered Mrs. James Kimball on the event of her 75th birthday. The party was held at the church at Hunt's Corner and friends from Albany, Bethel, West Bethel, North Waterford, Norway, Bryant Pond, Potland, etc., were present, these including friends and relatives of Mr. and Mrs. Kimball and former residents of Albany.

Rev. Hilda L. Ives of Portland, who was pastor of the church several years ago, and who is dearly loved in the community, made his doraf dowadtr maftr munity, made the trip from Portland and gave Mrs. Kimball another surprise. Mrs. Kimball was invited to go for a "little ride" and when they neared the church, she remarked on its being lighted and wonder what might be going on.

It was suggested that they find out, as it might be "A circle" which she did not believe, and on entering and she found so many people there, and many flowers about the room, she realized the party was for her birthday. The vestry was trimmed with autumn leaves, red alder berries, and chrysanthemums and Mrs. Kimball was deluged with flowers. Mrs. Kate Richardson of Norway sent a large bouquet of beautiful flowers from her garden; Mrs. Merton Libby, also of Norway, sent a large vase of dahlias, and Mrs. Evis Cook, a niece of Mrs. Kimball, carried her a beautiful bouquet of roses from her rose garden. Then there were many other vases and flower bowls filled with glads, and other blossoms.

In behalf of those present, Mrs. Ives presented Mrs. Kimball with an easy chair and complimented both Mr. and Mrs. Kimball on growing old together with the love of the community. Mr. Kimball celebrated his 80th birthday the 29th of August, and he is to have a chair, also, or something else, if he so desires, as the money is ready when he decides. A fine program was presented as follows, Mrs. Eugene Andrews of Norway presiding:

Opening Number, a Community "Sing" .....
Three readings .... Mrs. Esther Anderson, Norway.
Vocal Solo ... Mrs. Katherine Saunders, Albany
Reading .... Mrs. Annie Haselton, North Waterford
Pianologues, "Foolish Questions" and "The Usual Way" .... Mrs. Esther Anderson
Vocal Solo .... Mrs. Maude Bean
Readings .... Mrs. Anderson
Vocal Solos .... Rev. W. I. Bull
Costume Reading .... Mrs. Anderson, who used for her encore, Edgar Guest's "Home."
Two Selections on the old fashioned Jew's Harp .... Eugene Andrews, accompanied by his daughter, Mrs. Evander Whitman.
Two Readings .... Rev. Mr. Brandon
Remarks .... James Kimball
Remarks .... Mrs. Ives, who told of her first pastorate in this church and of her inspiration and help from Mr. and Mrs. Kimball and of her pleasant association with them.
Remarks .... A. R. Clark, Bolster's Mills
Short Talk .... Rev. W. I. Bull

After the program, buffet lunch was served, and three long tables were spread and were filled with sandwiches, cake, doughnuts, etc., and four large birthday cakes, which were made by Mrs. Bessie Andrews, Bryant Pond, Mrs. Eugene Andrews, Mrs. Will Newcomb and Mrs. Charles Huff, Norway. Three of these were lighted with candles. The tables were lighted with candles, and the center was filled with vases of flowers.

The evening was a very happy one for Mr. and Mrs. Kimball, who have been married 58 years, for they had with them their three children, the daughter and husband who live at the homestead, Mr. and Mrs. Roy Wardwell Mr. and Mrs. Leon Kimball, who live on the neighboring farm, and Mr. and Mrs. Cecil Kimball of Norway, and were surrounded by their neighbors and friends. Another pleasant surprise was the appearance of Mrs. Moses Kimball of Norway, sister-in-law of Mr. Kimball, and her daughter and granddaughter, Mrs. Evis I. Cook and Mrs. Avis Huff. It was like a real "Home Coming" celebration.

Fryeburg Fair

The 80th exhibition of the West Oxford Agricultural Society was in session at Fryeburg three days this week.

Tuesday the first day, was light according to attendance, but the general exhibition showed its usual strength and excellent qualities. Much cooler weather sent a cheerless breeze across the grounds and many strollers sought shelter in protected spots.

Much of the interest centered about the track where the 2:25 trot and 2:26 mixed, claiming race were completed. The Mac Dewey turned in the fastest mile taking a heat in 2:15 3-4. The first race was taken in straight heats, but the second, with seven starters went for five circuits.
